To Our Shareholders

Isetan Mitsukoshi Holdings Ltd. prepared its eleventh financial statements as of March 31, 2019, which we hereby submit to you in this report for your perusal.

On the tenth anniversary of the integration of the Isetan Mitsukoshi Group, we compiled the Group's raison d'être and vision as The Isetan Mitsukoshi Way, and embarked on reforms that will "connect people and bridge times." As globalization accelerates and a new level of change is called for, we aim to be future department stores that make use of the power of IT, stores, and human resources, aspiring to become a mediator that connects customers with goods and events from around the world through digital technology.

In addition, we are pursuing measures to strengthen our corporate governance system and address the issues and demands of a changing society through our corporate activities. In this way we will contribute to the realization of a sustainable society and a prosperous future for our customers and other stakeholders.

We would appreciate our valued shareholders' continued support and encouragement.

Toshihiko Sugie

President, Representative Director, and Executive Officer (CEO)

<p>Reasons for selecting the candidate for Corporate Auditor</p> <p>After joining the Company, Mr. Toshinori Shirai has been engaged mainly in the accounting department before being seconded to operating subsidiaries in Japan and overseas, where he was in charge of general affairs, accounting and a wide range of responsibilities in overall management. Subsequently, his career focused on the corporate planning department, including the posts of Part-time Director and Corporate Auditor of the Company's equity-method affiliate. After appointment as the Company's Director and Managing Executive Officer, he took office as General Manager, Strategic Planning Headquarters in 2017, and as CSRO in 2018, working on the Group's growth businesses, structural reform and other management tasks. The Company believes that by drawing on his deep insight into the Group's business gained through his career, he can contribute to ensuring the validity and appropriateness of decision-making by its Board of Directors. Therefore, he is nominated as a candidate for Corporate Auditor.</p>		

- (Notes)
1. The Company's shares held by the candidate for Corporate Auditor indicate those as of March 31, 2019, and include his own personal holdings in the Isetan Mitsukoshi Holdings Executive Shareholding Association.
 2. Mr. Toshinori Shirai has years of experience in the strategic planning department after engaging in the accounting department, and has considerable knowledge of finance and accounting.

3. In the event of approval of the appointment of Mr. Toshinori Shirai, the Company plans to conclude with him an agreement for limitation of liability based on the provisions of the Articles of Incorporation, which shall limit the maximum amount of liability he may bear to the Company to the amount stipulated by laws and regulations.

Independence Standards for Independent Outside Directors and Independent Outside Auditors

In designating Outside Directors and Outside Corporate Auditors as independent officers, the Company has compiled its proprietary “Independence Standards for Independent Directors and Independent Auditors of Isetan Mitsukoshi Holdings Ltd.,” for assessing their independence and outside officers who do not come under any of the following categories are nominated as independent officers.

- 1) Business executives of the Group
- 2) A person for whom the Group is a major business partner, or an executive director, executive or manager thereof
- 3) A major business partner of the Group, or an executive director, executive, manager or other employee thereof
- 4) An executive officer of a financial institution which has trading relations with the Group
- 5) A consultant or accounting or legal expert who has received financial or other economic benefits from the Group exceeding a certain sum, other than remuneration of Directors or Corporate Auditors
- 6) A shareholder or an executive officer thereof who holds at least 5% of the total issued shares of the Company
- 7) Any person who has come under categories 1) to 5) above in the last three years
- 8) Spouses or relatives within the second degree of kinship of anybody coming under categories 1) to 5) above

A “major business partner” in 2) and 3) above means “any business partner for whom the annual transaction amount with the Company, on a consolidated basis, exceeds 1% of the total annual transaction amount of either party, over the preceding three years, even if this occurs on only one occasion,” and a “certain sum” in 5) above means “a sum of at least 10 million yen in any of the preceding three fiscal years.”

Proposal No. 4: Payment of Bonuses to Directors

Taking into account the business performance for the year under review, we propose the payment of bonuses to four (4) Directors (of the nine (9) Directors, the Chairman and Representative Director and four (4) Outside Directors are excluded), who are in office at the end of the fiscal year under review, at a total amount of ¥58.67 million. As for the specific amount for each Director, we request that matter to be entrusted to the Board of Directors.

The basic policy and procedures for determining compensation for Directors of the Company is stated on page 43 of the Business Report.

Business Report

(From April 1, 2018 to March 31, 2019)

1. Matters related to the Group's status

(1) Business developments and results

During fiscal 2018 (April 1, 2018 to March 31, 2019), the Japanese economy trended toward improvement in terms of employment and income conditions, but a decrease in visitors to Japan and supply restrictions caused by natural disasters and other factors negatively affected the consumer mindset. In addition, the second half of the fiscal year also saw rising uncertainty across the global economy.

Under these circumstances, the Group compiled The Isetan Mitsukoshi Way in April 2018, and laid out the corporate direction of the Group. In November 2018, the Group formulated the Isetan Mitsukoshi Group Medium-Term Management Plan based on The Isetan Mitsukoshi Way. In this plan, we envisioned ourselves creating new value by drawing on our strengths to connect customers with goods, events, and information, both offline (brick-and-mortar stores) and online (e-commerce), as we strive to become the Isetan Mitsukoshi Group that “connects people and bridges times.”

Since fiscal 2017, the Group has been closing unprofitable stores and streamlining unprofitable businesses as part of the Medium-Term Management Plan, and as a result, a certain level of progress on major structural reforms is within reach. Cost structure reforms are ongoing, but in fiscal 2018, the Group focused on creating the business foundations for a transformation of the business model, investing in stores, reforming the store business, and other initiatives, while also embarking on challenges targeting new businesses for the next stage of growth. At the same time, the Group also focused on strengthening its corporate governance system.

Consolidated net sales for the fiscal year amounted to ¥1,196.8 billion, a decrease of 4.7% from the previous fiscal year, operating income amounted to ¥29.2 billion, an increase of 19.7%, recurring income was ¥31.9 billion, an increase of 17.1%, and net income attributable to parent company shareholders was ¥13.4 billion (The previous fiscal year was net loss attributable to parent company shareholders of ¥0.9 billion.).

The reporting segment previously disclosed as the Other Retail & Specialty Store Business was excluded from the reporting segments due to a decrease in its quantitative materiality and is included in Other Businesses.

Department store

Percentage of net sales: 86.3%

Net sales: ¥1,111.2 billion (98.2% of the previous fiscal year's net sales)

Operating income: ¥15.3 billion (105.7% of the previous fiscal year's operating income)

In the department store business, net sales exceeded the previous year on a comparable-store basis, led mainly by domestic department stores, as a result of the Company's efforts to strengthen the range of premium sundry goods, apparel, and cosmetics. In addition, selling and administrative expenses were significantly reduced, owing to progress on cost structure reforms at Group companies.

In addition to the market environment, customers' values, purchasing styles, and lifestyles are all undergoing major changes. In these circumstances, the Group aims to leverage digital technologies to establish a new department store model capable of providing the highest level of service to customers, and we have started synchronizing our personnel, stores, and IT to transform our business model with specific initiatives at flagship stores.

At the Mitsukoshi Nihombashi Store, we conducted a large-scale remodeling (the first phase of remodeling) in October 2018, for the first time in around 30 years, to convert it to a department store focused on hospitality, enhancing personal shopping services. We created a venue for providing hospitality to customers starting with the first floor of the main building, for example a desk where category specialists are on duty at all times to respond to customers' requests and queries and a lounge for special customers. By using IT technologies for information sharing, our category specialists and guides can propose a store-wide selection of products to customers at the Nihombashi Store, beyond boundaries between brands and categories.

At the Isetan Shinjuku Store, along with the brush up of products, services, and space, we remodeled the men's building for the first time in 15 years, as we aspire to become the most appreciated men's fashion store in the world. Customers can choose from global cutting-edge, top-drawer fashion as well as our expanded range of customizable products. A personalized shopping experience is offered by combining analog and digital technologies. We focused on creating a communication environment that satisfies the desires of individuals. In addition, we also renewed the Isetan wrapping paper for the first time in 22 years.

We are also focusing on new online businesses as we aim to increase our points of contact with customers. In June 2018, we launched ISETAN DOOR, a periodic home delivery service. In February 2019, we launched “meeco,” an online cosmetics store that takes advantage of the Isetan Shinjuku Store’s strengths, followed in March by “arm in arm,” an online-only business where products are designed and made interactively with customers via SNS and other services.

Furthermore, in order to redistribute limited management resources to new growth sectors, we decided to close stores with profitability issues, namely, Isetan Sagamihara Store, Isetan Fuchu Store, Niigata Mitsukoshi, and Iwataya Kurume Store Annex (the latter was closed in March 2019). We apologize for any inconveniences caused by the store closures and thank customers for their patronage.

Credit & finance / customer organization management

Percentage of net sales: 3.0%

Net sales: ¥39.1 billion (100.5% of the previous fiscal year’s net sales)

Operating income: ¥6.4 billion (119.7% of the previous fiscal year’s operating income)

In the credit & finance business/customer organization management business, MICARD Co., Ltd. focused on priority areas such as expanding membership through collaboration with companies outside the Group, boosting the appeal of MI points, and enhancing the profitability of existing cards.

We issued new cards such as the FUKUOKA SoftBank HAWKS MICARD in October 2018 and the LEXUS TOKYO MICARD+ PLATINUM in November 2018 in a bid to increase membership by a line-up of cards tailored to customer needs. In addition, we are expanding the scope of our MI points program to usage outside the Group. We rolled out point exchange programs with 35 companies in the fiscal year under review to promote use outside department stores as an initiative to boost profitability.

Real estate

Percentage of net sales: 3.8%

Net sales: ¥48.3 billion (107.2% of the previous fiscal year’s net sales)

Operating income: ¥7.7 billion (117.7% of the previous fiscal year’s operating income)

In the real estate business, our initiatives in operating commercial facilities included the opening of FOOD & TIME ISETAN YOKOHAMA, a new store specializing in food inside Yokohama JOINUS in March 2018, and “mi:ts Kokubunji,” a new community-oriented facility located at the North Exit of Kokubunji Station in April 2018.

Overseas, the first phase of residences have commenced sales in November 2018 for the residential and multipurpose property development project in the Philippines, an ongoing joint project with Nomura Real Estate Development Co., Ltd. and Federal Land Incorporated, a major Filipino real estate company. The name of the commercial facility section of the project was announced to be MITSUKOSHI, envisioned to be a new multipurpose commercial complex that distinguishes itself from the conventional department store. The complex will invite and develop store tenants and formats focused on the food category.

In addition, Isetan Mitsukoshi Property Design Ltd. transferred the building management business to Mitsukoshi Isetan Im Facilities Co., Ltd. (formerly Im Kankyo Building Management Co., Ltd.) effective April 1, 2019, for the purpose of increasing operational efficiency and productivity.

Other businesses

Percentage of net sales: 6.9%

Net sales: ¥88.9 billion (61.2% of the previous fiscal year's net sales)

Operating income: ¥(0.3) billion (In the previous fiscal year, operating loss totaled ¥2.2 billion)

In the other businesses, we closed unprofitable mail-order businesses and fashion brand businesses as part of restructuring measures. Although the streamlining of unprofitable businesses caused net sales to decrease, segment profit improved owing to improved cost structure.

In the travel business, the area of growth potential, we integrated Isetan Mitsukoshi Travel Co., Ltd. and NIKKO TRAVEL CO., LTD. in April 2019, to pursue enhanced value provided to customers through greater efficiency and synergistic effects.

In the beauty business, in spite of efforts by SOCIE WORLD CO., LTD. to open new shops in the Group's stores, net sales continued to decline. As customer needs in the beauty segment are increasingly diversifying under intensifying competition, and a prompt recovery in performance is unlikely, the Company recorded an impairment loss on goodwill, etc. of ¥12.6 billion under extraordinary loss in the fiscal year under review.

(2) Capital expenditures

Our capital expenditures during the consolidated fiscal year under review totaled some ¥56.5 billion, which consisted principally of some ¥48.5 billion for renovations of the Isetan Mitsukoshi Group stores.

(3) Fund-raising matters

We raised funds of ¥10.0 billion as corporate bond issuance to allocate them to the redemption of bonds, capital expenditures, and so forth for the consolidated fiscal year under review.

(4) Issues that need to be addressed

The declining and ageing population has caused the domestic market to shrink, while alarming changes in telecommunications technology and digitalization has changed and diversified consumer behavior. The Group must swiftly transform itself to counter such remarkable changes in the business environment. Digitalization means that anyone can access and distribute information from anywhere, at any time, so it is essential that we support a diverse range of purchasing methods including e-commerce (online), in addition to brick-and-mortar stores (offline), and we must shift from the traditional department store business model to a new retail model.

In response to these changes, the Group is moving forward with its Medium-Term Management Plan, aiming to transform into “future department stores (platformers),” the vision announced in November 2018. While continuing infrastructure development and cost structure reforms, we will shift our focus to business model reforms and initiatives for the next stage of growth, and steadily accelerate priority strategies to that end.

Priority effort 1 – Initiatives to transform into “future department stores”

Our measures to transform into future department stores comprise “reforming the business models of existing stores” and “creating new businesses.” We will move ahead with the plan to remodel the Group’s flagship stores, i.e. the Mitsukoshi Nihombashi Store (second phase) and the main building of the Isetan Shinjuku Store. Together with this remodeling, we will also promote “seamless connection between online and offline” under a new organizational structure, with products available in stores registered digitally to allow customers to experience the same services in real and online. We will strengthen and expand concierge services and the Group Customer Program services early launched at the Mitsukoshi Nihombashi Store at the first phase of remodeling, for roll-out at other stores. Our efforts will go beyond flagship stores and a series of new store models will be explored at the Matsuyama Mitsukoshi and Niigata Isetan regional stores as well. We will further develop our

digital infrastructure and make sweeping changes to old workstyles, systems, and work flows to boost productivity in our endeavors to establish a new business model.

In addition, we shall also take on the challenge of establishing new online businesses as a means of providing new value. We have launched the periodic home delivery service, online cosmetics store and an online-only brand in fiscal 2018, and a new personal styling company in fiscal 2019. Going forward, we will continue exploring new businesses for example in the secondary market and the marketing service segment.

Priority effort 2 – “Expanding the real estate and overseas businesses”

We will make maximum leverage of real estate held by the Group by participating in redevelopment projects and developing new businesses. In Japan, we will expand commercial facility operation projects to follow those in Yokohama and Kokubunji. Overseas, while a collaboration project between retail and real estate is currently underway in the Philippines, we will aggressively proceed with for example the development of midsize stores and new real estate development projects with an eye to collaboration with other companies.

Priority effort 3 – “Promoting cost structure reforms”

Cost structure reforms will continue along with priority growth strategies. We are striving to reduce SG&A expenses by fundamentally reforming the cost structure of advertising costs, lease payments, and personnel expenses. Although major store restructuring projects have settled in to a certain extent, we will continue redefining the direction, role, and position of each business within the Group to shuffle and rebuild our business portfolio.

As steps to steadily achieve the targets in the Medium-Term Management Plan, we will delegate rights and responsibilities to Group operating companies for swift management decision-making and a flexible business execution structure. To that end, our corporate governance system needs to be further strengthened through ongoing efforts such as enhancing the operational accuracy of the Chief Officer system, the control tower of the whole Group, and improving the effectiveness of the Board of Directors. Furthermore, we shall also strengthen compliance, risk management, information management systems, and other internal control systems, in order to improve corporate value and gain sustainable growth.

We aim to fulfill our corporate social responsibility by facing various social issues that are ever-changing and contributing to solving them through our corporate activities. We will thereby

play a role in realizing the prosperous future of all the people involved and a sustainable society. We are strengthening our CSR initiatives by establishing the Sustainability Promotion Council to solve changing social issues and satisfy demands from the viewpoints of environment, society, and governance (ESG) and Sustainable Development Goals (SDGs). At the same time, rapid ageing and declines in the domestic population will inevitably lead to a reduced labor force. We will strive to enhance the performance and productivity of Group employees by creating a friendly working environment and boosting employee satisfaction (ES), which in turn will ultimately improve customer satisfaction.

We take this opportunity to appreciate your continued support and patronage going forward.

(5) Policies concerning compensation for Directors and Corporate Auditors or its determination

1) Basic policy of compensation for Directors

The Company has the following four basic policies.

1. Promotion of mutual sharing of interests of shareholders and executives
2. Expansion of incentive effects to improve financial results and shareholder value (does not include Outside Directors)
3. When targets are met, ensuring there is no shortfall in compensation level compared with competitor companies (does not include Outside Directors)
4. Ensuring objectivity and transparency in methods of evaluation and determining compensation

The compensation system comprises three specific elements:

- Monthly fixed basic compensation
For the Board of Directors as a whole, the monthly compensation total is capped at ¥23 million).
- As a near-term incentive, payment of an annual performance-linked bonus
The baseline is six months' pay, and the payout total varies within a range of 0% to 200% depending on the progress of individual Directors (excluding the Chairman and Outside Directors) in meeting their targets.
- Stock options, which are linked to corporate value as a medium- to long-term incentive
Stock acquisition rights equivalent to 50% of the annual basic compensation shall be granted to Directors (excluding Outside Directors).

Furthermore, compensation for Corporate Auditors consists only of “basic compensation” that is provided on a monthly basis.

2) Procedures regarding the above

In order to ensure objectivity and transparency, the specific level of compensation for officers and targets for bonuses are determined by the Board of Directors after deliberation by the Nomination and Remuneration Committee based on the Company’s Guidelines for Executive Remuneration.

Total	¥123 Million
3) Total monetary and other financial benefits payable by the Company and its subsidiaries	¥248 Million

Notes:

1. Upon making required evaluation regarding matters such as whether or not the basis for the content of the audit plans of the independent auditor, status of progress in duties of the independent auditor, and the basis for calculating compensation estimates are appropriate, the Board of Corporate Auditors has agreed upon the compensation for the independent auditor as stated in Article 399, Paragraph 1 of the Corporation Law.
2. The audit engagement agreements between the Company and the independent auditor does not distinguish between compensation and other fees for audits performed pursuant to the Corporation Law of Japan and compensation and other fees for audits performed pursuant to the Financial Instruments and Exchange Law, and since it is virtually impossible to make such a distinction, the above amount stated under classification 1) is the total figure for both audits.
3. Content of non-audit operations
As non-audit operations, the Company pays compensation to the independent auditor for the outsourcing of advisory operations.
4. Of the Company's principal subsidiaries, Isetan (Singapore) Ltd., Isetan (Thailand) Ltd. and Isetan of Japan Sdn. Bhd. are audited by another auditor (PricewaterhouseCoopers) with regard to the statutory audit of Accounting Documents.

(3) Policies on determination of dismissal or non-reappointment of independent auditors

The Board of Corporate Auditors shall determine the content of a proposal to be submitted to the General Meeting of Shareholders concerning dismissal or non-reappointment of the independent auditor if it judges that necessary due to any problems that would affect the execution of duties of the independent auditor or other reasons.

In the event that the independent auditor falls under any of the items of Article 340, Paragraph 1, of the Corporation Law of Japan, the Board of Corporate Auditors shall discharge the independent auditor upon a unanimous resolution by the Board of Corporate Auditors.

6. Policies on determination of surplus dividend

The Company aims to return profits to shareholders while endeavoring to increase corporate value in the long term.

With regard to dividends, the Company's basic stance is to maintain a stable level of dividends while comprehensively considering the management environment, business performance, and the soundness of the Group's financial position.

With regard to retained earnings, the Company intends to enhance corporate value by allocating retained earnings primarily to investment in existing and new businesses.

7. Measures Regarding Corporate Governance

Basic Views

In combination with measures to build excellent relationships with customers, employees, shareholders, business partners and local communities—our stakeholders—the Group is overhauling its corporate governance structure along with management reform. This entails the establishment and strengthening of legal frameworks for the general meeting of shareholders, the Board of Directors, the Board of Corporate Auditors and the independent auditor, etc. To ensure fulfilment of the Company's social responsibilities, we are also working to increase the transparency of our corporate activities and ensure thorough compliance in our management, while taking measures to create and deliver value in various forms for all stakeholders associated with the Group. Aiming to become a corporate Group that is deeply trusted by all of its various stakeholders, the Group will take a range of ongoing measures including speeding up management decision-making, strengthening management oversight mechanisms and enhancing internal control systems.

Responsibilities and composition of the Board of Directors

The Company makes efforts to create an environment where the Board of Directors can fulfil its roles and responsibilities in a highly effective manner to promote the Group's sustainable growth and the enhancement of corporate value over the mid- to long-term and sufficiently fulfil its fiduciary responsibility to shareholders. As a part of these efforts, the Company promotes separation of "execution" and "oversight" while selecting a company with the Audit & Supervisory Board as a form of corporate organization and works to strengthen decision-making functions and oversight functions to be fulfilled by the Board of Directors. To further clarify separation of "execution" and "oversight," the Chairman and Representative Director who is not an executive officer, instead of the President and CEO, serves as the Chairman of the Board of Directors.

In addition, the Company has a structure, where the Board of Directors maintains diversity in its composition and adequately fulfils its management oversight function, so that the Board of Directors

can perform its roles and responsibilities in a highly effective manner. As a part of such structure, the Company has been inviting Outside Directors with different backgrounds from industries of various specialized fields since the Company's foundation in 2008, expecting that they not only oversee business execution but also provide supervision and advice on the appropriateness of management decision-making itself.

Currently, the Company has nine (9) Directors, including four (4) Outside Directors (three (3) men and one (1) woman), among which three (3) are Independent Outside Directors who satisfy the Independence Standards of the Company.

*The Independence Standards for Independent Outside Directors and Independent Outside Auditors are provided on page 13.

Responsibilities and composition of Corporate Auditors and the Board of Corporate Auditors

Corporate Auditors contribute to establishing a sound corporate governance structure that lives up to social credibility and which realizes the Group's sustainable growth and creation of mid- to long-term corporate value by auditing the execution of Directors' duties as an independent body with a mandate from shareholders. Also, a structure is established to ensure the effectiveness of audits, in which Corporate Auditors share opinions with the Representative Director and accounting auditors periodically and exchange information such as audit results with the internal audit department.

The Company's Board of Corporate Auditors is composed of three (3) Outside Corporate Auditors and two (2) Full-time Corporate Auditors from the Company. The Outside Corporate Auditors express opinions candidly, recognizing that they are particularly expected to represent objective audit opinions from an independent and neutral position. The Full-time Corporate Auditors, considering their nature as full-time workers, actively make efforts to improve the audit environment and collect internal information as well as monitor and verify the status of the establishment and operation of internal control systems on a daily basis. In addition, Corporate Auditors also endeavor to exchange information and maintain a shared awareness while deepening relationships of trust with non-executive officers, by meeting regularly with Outside Directors, etc. to exchange opinions on issues that need to be addressed by the Company, risks surrounding the Company, important audit issues, and other matters.

Nomination and Remuneration Committee

The Company has established the Nomination and Remuneration Committee as an optional structure to act as an advisory body to the Board of Directors, and it deliberates on matters regarding "nomination," including personnel plans and succession plans of the President and CEO, personnel plans for executives, and a candidate plan for the president of associated companies, and general

matters on “remuneration,” including the Director remuneration system, a bonus plan for Directors and executive officers, and a remuneration plan for Directors and Corporate Auditors, and findings are submitted to the Board of Directors.

The Committee is composed of five (5) members, all of which are Outside Directors (three (3) Independent Outside Directors and one (1) Outside Director) excluding one (1) President and CEO and its transparency and fairness is fully ensured with an Outside Director serving as chair.

The Nomination and Remuneration Committee is held 10 times or more every year and greatly contributes to the improvement of governance functions that are pivotal for the Company’s governance.

Policies for the nomination of executives

As a prerequisite regarding the “nomination” of executives, the Company stipulates the maximum age and maximum term of executives for each position in the “Regulations of Age Limits of Executives in Office” to promote appropriate rotation. Given this, assuming that the “nomination” of executives including the selection/dismissal of the CEO should be deliberated at the Nomination and Remuneration Committee to ensure transparency and fairness, the Company specifically takes the following actions.

◆ Decision on selection and reappointment of the CEO

Decision on selection and reappointment of the CEO is positioned as the most important task and is addressed with priority at the Nomination and Remuneration Committee.

(i) Decision on reappointment of the current CEO

With respect to acceptance or non-acceptance of reappointment of the current CEO (reappointment after expiration of the term of the appointment contract), pursuant to the upper limit stipulated in the aforementioned “Regulations of Age Limits of Executives in Office,” the Nomination and Remuneration Committee follows a predetermined set of procedures.

(ii) Succession plan of the CEO

The Company actively creates opportunities where Outside Directors can monitor candidates after periodic reports and sharing of information at the Nomination and Remuneration Committee, in accordance with a predetermined set of procedures.

Furthermore, the Company creates a reserve group of candidates for the CEO successor by spending adequate time and resources by providing systematic education opportunities such as the “business leader program” which is a selective education program for managerial positions and the “business executive program” after appointment as executive officer.

◆ Policy on nomination of candidates for Director and Corporate Auditor

With regard to the nomination of candidates for Director and Corporate Auditor, the policy of the Company is to look for candidates with broad insight, high ethical standards and extensive experience, in addition to meeting eligibility requirements under laws and regulations.

Of these, we select Outside Directors from different fields and industries, to ensure account is taken of a wide range of opinions from objective and specialist perspectives, and ensure well-balanced management. Also, recruitment focuses mainly on candidates with practical business-world experience, expecting that Outside Directors not only oversee the execution of business operations, but also provide supervision and advice on the appropriateness of management decision-making itself.

Regarding Outside Corporate Auditors, recruitment focuses mainly on candidates with a wealth of knowledge and experience in relevant fields, so as to ensure that audits are carried out from a neutral and objective standpoint including whether the processes and contents of management decision-making are appropriate from legal and accounting perspectives.

Effectiveness evaluation of the Board of Directors

The Company evaluates the effectiveness of the Board of Directors by using objective and quantitative methods, including a questionnaire to all Directors and Corporate Auditors inside and outside the Company. To confirm that effectiveness is properly maintained at the Board, various viewpoints are taken into account, including institutional design, nomination, and remuneration, in addition to the composition and operation of the Board of Directors. At the same time, aiming to further reinforce its function, the Company continues to develop and carry out improvement plans for issues concerning the Board of Directors that were identified in the evaluation process.

Owing to this approach, specific positive results have been achieved, such as an increase of one (1) Independent Outside Director (from June 2018) and the improvement of timely and effective agenda preparation. Furthermore, the initiative led to not only operational improvement but also a multifaceted and drastic review of the Company's ideal governance including institutional design, criteria of selection/dismissal of executives, and Director remuneration system.

Policy on cross-shareholdings

◆ Policy regarding cross-shareholdings by the Company

To ensure effective corporate governance, and to contribute to sustainable growth and enhancement of corporate value of the Group over the mid- to long-term, the Company may enter into cross-shareholding arrangements with companies as deemed necessary, with the purpose of safeguarding and strengthening product supplies, capital procurement and other trading relationships.

Every year at the Board of Directors, the Company comprehensively verifies factors including the purpose of holding individual cross-shareholdings, transaction status, and dividend earnings. The Company works to reduce cross-shareholdings by selling shares which possession is deemed no longer reasonable.

◆Standards for exercising voting rights in relation to cross-shareholdings

Regarding the exercise of voting rights for cross-shareholdings, an overall judgment is made as to whether or not exercise of such rights would spur sustainable corporate value of said company or contribute to sustainable growth and enhancement of corporate value of the Group over the mid- to long-term. Such voting rights are duly exercised for each agenda item.

◆Policy in the case that cross-shareholders indicate their intention to sell shares

When shareholders who hold the Company's shares for the purpose of cross-shareholding (cross-shareholders) indicate their intention to sell their shares, the Company will not hinder the sale of the shares by, for instance, implying a possible reduction of business transactions.

8. Matters concerning the system to ensure appropriate conduct of business

Basic policies for internal control systems

1. Compliance System

“Other system for ensuring the effective performance of audits by Corporate Auditors” (Article 100, Paragraph 3, Item 7 of the Ordinance for Enforcement of the Corporation Law)

- (1) The Corporate Auditors shall hold meetings to exchange opinions with the Representative Directors and the Independent Auditor respectively on a regular basis in accordance with the “Corporate Audit Standards.”
- (2) In addition to the Board of Directors, Corporate Auditors may attend important meetings after discussion with Directors in order to understand the decision-making process for important matters as well as the state of executed duties.

Operational status of the system to ensure appropriate conduct of business

In fiscal 2018, the Company focused on developing the system to ensure appropriate conduct of business Group-wide by introducing a Chief Officer System, thus making business execution more flexible and strengthening cross-departmental functions. The operational status of this system during the fiscal year under review was as follows.

◆ Status of measures regarding compliance

- During the fiscal year under review, 14 meetings of the Board of Directors were held, and reports were made regarding deliberation, resolution, and business execution of significant matters.
- In order to maintain and improve the system of legal compliance, the Company revised the Compliance Guidebook, and also implemented new employee training, training for managers, etc. upon promotion, new position training, compliance training according to duties and management level, training via e-learning, etc.
- The Internal Audit Office, implemented internal control evaluations based on the Financial Instruments and Exchange Act targeting Group companies that were selected based on financial and qualitative significance in an aim to secure appropriateness of financial reporting, and conducted audits on the effectiveness and adequacy of business, followed by evaluation and proposals on improvements.
- By establishing the “Isetan Mitsukoshi Group Hotline” based on the Whistleblower Protection Act, the Company has constructed a system for a dedicated internal department and an outside attorney office to receive reports. Furthermore, in fiscal 2018, the scope of reporting was expanded to include overseas subsidiaries.

In addition, the Group is endeavoring to strengthen and ensure thorough awareness of fair trade, including stipulating the prohibition of undue restriction of business related to fair trade, as it makes a renewed effort to promote fair trade.

◆ Status of measures regarding risk management

- In order to enhance the effectiveness of the “Compliance and Risk Management Committee,” which served until fiscal 2017, the “Compliance and Risk Management Promotion Committee” met twice per year from fiscal 2018, with the President and Representative Director serving as chair, and shared information and exchanged views regarding significant risks facing the Group.

- The Company has formulated a “Business Continuity Plan” that supposes a large-scale natural disaster or pandemic. Drills and other measures to increase the effectiveness of the plan are implemented, and efforts are made to realize continuous improvement.

◆ Status of measures regarding the management of Group companies

- Based on reports and deliberations rules of the Company as defined in the “Regulations on Group Company Management,” the Company secures appropriateness of operations across all Group companies.
- While respecting the independence of management of Group companies, Directors and Corporate Auditors are dispatched to Group companies as required to promote the appropriateness of operations, and the Company works to grasp the status of management.
- For newly appointed executives at Group companies, compliance training is periodically implemented to deepen understanding of the Corporation Law.

◆ Status regarding business execution of Corporate Auditors

- Corporate Auditors attend significant meetings such as the meetings of the Board of Directors, Chief Officer Committee, and the Compliance and Risk Management Promotion Committee, in addition to periodically receiving reports from Directors and employees in order to confirm the state of executed duties and the development and operational status of internal controls.
- In addition, Corporate Auditors receive reports regarding the audit results of the fiscal year under review from the independent auditor, and confirm the status of audits. In measures to improve the effectiveness of auditing, information and opinions are exchanged as necessary in cooperation with the Internal Audit Office.

Note: Insignificant amounts with regard to figures and numbers of shares, etc., shown in this Business Report have been omitted. Ratios have been rounded off.

Notes to Consolidated Financial Statements

[Basis for Preparation of Consolidated Statutory Reports]

1. Scope of consolidation

(1) Number of consolidated subsidiaries: 41

(2) Name of principal consolidated subsidiaries:

Isetan Mitsukoshi Ltd., Sapporo Marui Mitsukoshi Ltd., Hakodate Marui Imai Ltd., Sendai Mitsukoshi Ltd., Nagoya Mitsukoshi, Ltd., Shizuoka Isetan Co., Ltd., Niigata Isetan Mitsukoshi Ltd., Hiroshima Mitsukoshi, Ltd., Takamatsu Mitsukoshi, Ltd., Matsuyama Mitsukoshi, Ltd., Iwataya Mitsukoshi Ltd., Isetan (China) Investment Co., Ltd., Shanghai Mei Long Zhen Isetan Department Store Co., Ltd., Tianjin Isetan Co., Ltd., Tianjin Binhai New Area Isetan Co., Ltd., Chengdu Isetan Co., Ltd., Isetan (Singapore) Ltd., Isetan (Thailand) Co., Ltd., Isetan of Japan Sdn. Bhd., ICJ Department Store (Malaysia) Sdn. Bhd., Mitsukoshi (U.S.A.) Inc., Mitsukoshi Italia S.p.A., MICARD Co. Ltd.

In the consolidated fiscal year under review, Isetan Mitsukoshi Food Service Ltd. extinguished as a result of an absorption-type merger with Isetan Mitsukoshi Ltd. as the surviving company, and the liquidation of MAMMINA CO., Ltd. was completed. Accordingly, Isetan Mitsukoshi Food Service Ltd. and MAMMINA CO., Ltd. were excluded from the scope of consolidation.

(3) Name of principal nonconsolidated subsidiaries

Mitsukoshi (U.K.) Ltd., Isetan Soleil Co., Ltd., Kyushu Communication Service Co., Ltd., Aiu Co., Ltd., Fashion Headline Ltd., Isetan Mitsukoshi Innovations Ltd., LEO MART Ltd.

(4) Reason for exclusion of the above companies from scope of consolidation

These nonconsolidated subsidiaries are of small scale and none of the sum of their total assets, the sum of their net sales, the sum of their net income and losses (calculated according to our equity interest) and the sum of their retained earnings (calculated according to our equity interest) have any material impact on the consolidated statutory reports.

2. Application of equity method

(1) Number of affiliates accounted for by the equity method: 9

Shin Kong Mitsukoshi Department Store Co., Ltd. (Taiwan), West Japan Railway Isetan Ltd., ITM Clover Co., Ltd., Shinjuku Subnade Co., Ltd., JP Mitsukoshi Merchandising Co., Ltd., Japan Duty Free Fa-So-La Isetan Mitsukoshi Co., Ltd., Im Kankyo Building Management Co., Ltd., NOMURA FUDOSAN MITSUKOSHI ISETAN KAIHATSU GODO KAISYA, MI Food Style Co. Ltd.

In the consolidated fiscal year under review, NOMURA FUDOSAN MITSUKOSHI ISETAN KAIHATSU GODO KAISYA and MI Food Style Co. Ltd. were included in the scope of the equity method.

(2) Name of subsidiaries and affiliates not accounted for by the equity method and reason for not applying the equity method

Subsidiaries and affiliates not accounted for by the equity method (Sakaechikamachi Co., Ltd., etc.) have a minimal impact on the consolidated statutory reports and are of little significance as viewed from the overall group business, judging from their respective net incomes (calculated according to our equity interest) and retained earnings (calculated according to our equity interest). Therefore, the equity method has not been applied to these companies.

(3) Handling of companies accounted for by the equity method but whose closing dates are different from that of the parent company

With regard to companies accounted for by the equity method but whose closing dates are different from that of the parent company, financial documents that have been prepared based on the business years of the respective companies are used. At the same time, necessary adjustments for the application of the equity method were carried out with respect to material transactions that occurred during the period between the respective closing dates and the consolidated closing date.

3. Closing date of consolidated subsidiaries

The fiscal year ends on December 31 for the following consolidated subsidiaries: Isetan (China) Investment Co., Ltd., Shanghai Mei Long Zhen Isetan Department Store Co., Ltd., Tianjin Isetan Co., Ltd., Tianjin Binhai New Area Isetan Co., Ltd., Chengdu Isetan Co., Ltd., Isetan (Singapore) Ltd., Isetan (Thailand) Co., Ltd., Isetan of Japan Sdn. Bhd., ICJ Department Store (Malaysia) Sdn. Bhd., Mitsukoshi (U.S.A.) Inc., Mitsukoshi Italia S.p.A., and Isetan Mitsukoshi (Italia) S.r.l. Financial documents as of the closing date of the respective companies were used in preparing the consolidated statutory reports.

At the same time, necessary adjustments for consolidation were carried out with respect to material transactions that occurred during the period between the respective closing dates and the consolidated closing date.

4. Accounting policies

(1) Standards and methods for evaluation of significant assets

Securities

Bonds held to maturity	Amortized cost method
Available-for-sale securities	
Securities with market value	Market value method based on the market price as of the closing date (Differences in valuation are included directly in net assets and the costs of securities sold are calculated primarily using the moving-average method)
Securities without market value	Basically stated at cost using the moving-average method
	Investments in investment limited partnerships and similar associations (investments deemed to be securities pursuant to Article 2, Paragraph 2, of the Financial Instruments and Exchange Act) are stated at the net value of the equities based on the most recent financial statements available prepared according to the financial reporting dates specified in the respective partnership agreements.

Inventories

Commercial products	Basically stated at cost using the retail inventory method (method used to write down the book values in response to decreased profitability)
Other	Basically stated at cost using the first-in first-out method (method used to write down the book values in response to decreased profitability)

(2) Depreciation methods for significant depreciable assets

Tangible fixed assets (except Lease assets)

Basically the straight-line method

Intangible fixed assets (except Lease assets)

Straight-line method

As for software for in-house use the straight-line method is used with a useful life of 5 years.

Lease assets

Lease assets relating to finance lease without transfer of ownership

The straight-line method is used with a useful life of the lease period and with a residue value of zero.

(3) Accounting standards for significant allowances and accruals

Allowance for doubtful accounts

In order to prepare for possible losses on uncollectible receivables held as of the end of the current consolidated financial year, estimated amounts are provided with regard to general receivables according to the historical percentage of uncollectibles and with regard to doubtful receivables considering the probability of collection of respective receivables.

Accrued bonuses

In order to prepare for bonus payments to executive officers and employees, provision is made based on the estimated bonus payments, which are attributable to the current consolidated fiscal year.

Allowance for customer-discount points

Provision is made for estimated amount of future use based on the outstanding point amount of points issued via the point system with the aim of promoting sales according to the historical rate of usage.

Allowance for redemption of gift certificates

In order to prepare for possible losses relating to gift certificates collected after cancellation of inclusion in liabilities, provision is made for estimated redemption amount according to the historical percentage of collection of such gift certificates.

Provision for loss on business of subsidiaries and affiliates

In order to prepare for possible losses relating to the business of subsidiaries and affiliates, the provision of an amount regarded necessary is made upon considering the fiscal position, etc., of the relevant subsidiaries and affiliates.

(4) Other significant matters relating to the preparation of consolidated statutory reports

1) Accounting for Deferred assets

Bond issue costs

Bond issue costs are amortized by the straight-line method over the period until bond redemption.

2) Significant Methods of Hedge Accounting

Method of hedge accounting

Deferred hedge accounting is employed. However, with regard to foreign currency receivables/payables with forward exchange contracts, deferral hedge accounting (“*furiate-shori*”) is employed and with regard to interest-rate swaps that meet the requirements for exceptional accounting (“*tokurei-shori*”), exceptional accounting is employed.

Means of hedging and hedged items

Hedging instruments: Forward exchange transactions, Interest-rate swaps, and options to hedge foreign exchange-rate fluctuation risks and interest-rate fluctuation risks

Hedged items: Interest payable on foreign currency–denominated trade payables and borrowings

Hedging policy

The purpose of hedging activities is to reduce exchange-rate fluctuation risks and interest-rate fluctuation risks in accordance with the risk management policy of the Group.

Assessment of hedge effectiveness

Hedge effectiveness is assessed for each specific transaction at the end of the consolidated fiscal year under review. However, hedge effectiveness is not assessed if the substantial terms and conditions such as principal, interest rates and contract period of the hedging instruments and the hedged assets or liabilities are the same.

3) Accounting for employees’ retirement benefits

Method for attributing the estimated employees’ retirement benefits to periods

For calculation of retirement benefit obligations, we principally use the benefit formula method for attributing the estimated retirement benefits to the periods up to the end of the fiscal year under review.

Amortization of actuarial difference and prior service costs

Prior service costs are recognized on an accrual basis by the straight-line method over various periods (mainly 5 to 12 years) that are not more than the average remaining service period of employees at the time of the accrual.

The actuarial differences that resulted are mainly recognized in the following consolidated fiscal year by the straight-line method over various periods (5 to 12 years) that are not more than the average remaining service period of employees at the time of the accrual of a difference.

4) Accounting for consumption taxes, etc.

Consumption taxes and local consumption taxes are accounted for by the tax exclusion method.

5) Method and period for amortization of goodwill

Amortization of goodwill is primarily using the straight-line method over 10 years.

[Notes regarding changes in accounting policies]

(Accounting treatment for net sales concerning buying sales transactions of overseas consolidated subsidiaries)

Regarding the transactions in which products are purchased from suppliers at the same time they are sold to customers, so-called buying sales transactions, the Group recorded the transaction amount in each of “Net sales” and “Cost of sales.” However, from the fiscal year under review, with respect to the buying sales transactions of overseas consolidated subsidiaries whose financial statements comply with the International Financial Reporting Standards, the accounting treatment is changed to record the amount that corresponds to gross profit in “Net sales.”

As a result, the income from these transactions that was shown using gross presentation is shown using net income presentation.

[Notes regarding changes in presentation]

(Consolidated Balance Sheet)

In line with the “Partial Amendments to Accounting Standard for Tax Effect Accounting” (ASBJ Statement No. 28; February 16, 2018), the “Ministerial Order on Partial Revisions to the Regulation for Enforcement of the Companies Act and the Regulation on Corporate Accounting” (Ministry of Justice Order No. 5; March 26, 2018) has been applied from the fiscal year under review, and therefore, presentation of deferred tax assets and liabilities has been changed to present them under the classifications of investments and other assets and long-term liabilities, respectively.

As a result, deferred tax assets, which were classified as current assets in the previous fiscal year (16,439 million yen in the previous fiscal year) have been included in deferred tax assets of 9,975 million yen under investments and other assets, and deferred tax liabilities, which were classified as current liabilities in the previous fiscal year (1 million yen in the previous fiscal year) have been included in deferred tax liabilities of 123,970 million yen under long-term liabilities.

[Notes to Consolidated Balance Sheet]

1. Accumulated depreciation of tangible fixed assets 377,474 million yen

2. Contingent liability

Guarantee liabilities

Loan guarantees for housing loans of employees 69 million yen

Guarantee liabilities for bank loans of subsidiaries and affiliates

West Japan Railway Isetan Ltd. (Note) 9,198 million yen

Total of guarantee liabilities 9,267 million yen

Note: The amounts shown above are the loan guarantee amount minus the liability corresponding to the application of equity method accounting.

3. Details of inventory assets

Finished goods 45,487 million yen

Semifinished goods 112 million yen

Work in process 619 million yen

Raw materials and stores 615 million yen

Total 46,834 million yen

[Notes to Consolidated Statement of Income]

1. For the consolidated financial year under review, consolidated subsidiaries posted impairment losses under the following asset groups:

(1) Description of asset groups for which impairment losses were recognized

	Other	0	
	Total	36,067	

(Note) Of impairment losses recorded in the consolidated income statement, 3,620 million yen is included in loss on closing of stores.

(2) Circumstances leading to recognition of impairment losses

With regard to the asset group in which earnings generated by operating activities were continually negative, the Company conducted write-downs to recoverable value and recorded the amount of decrease as an impairment loss.

(3) Methods of asset grouping

Assets have been grouped primarily with stores as the basic unit representing the minimum unit responsible for generating cash flow.

(4) Method of calculating recoverable amounts

Recoverable amounts for asset groups are estimated based on their net realizable value or use value. If recoverable amounts are based on their realizable value, estimates for asset groups with a high level of significance are conducted using valuation amounts issued by a real estate appraiser in accordance with the Real Estate Appraisal Standards of Japan. Additionally, if the recoverable amount is the use value, calculations are made by discounting the future cash flows by approximately 8%.

2. Business structure improvement expenses for the fiscal year under review were primarily expenses associated with the implementation of the Next Career Plan at Isetan Mitsukoshi Ltd.

[Notes to Consolidated Statement of Changes in Net Assets]

1. Total number of issued and outstanding shares as of the end of the consolidated fiscal year under review

Common stock 395,694,754 shares

2. Matters concerning dividend of surplus

(1) Amount of dividend payment

3. The number of shares subject to stock acquisition rights (excluding those the first days of whose exercise periods have not yet arrived) as of the last day of the current consolidated fiscal year

Common stock 1,555,800 shares

[Notes to Financial Instruments]

1. Status of financial instruments

(1) Policy for initiatives pertaining to financial instruments

When managing surplus funds, the Group limits its disposition of such funds to financial assets that exhibit a high degree of stability, such as bank deposits and highly-rated bonds. Additionally, the Group has a policy of procuring funds through bank borrowings and short-term corporate bonds (commercial paper) and similar means. Derivatives are used to avoid exchange rate fluctuation risk present in trade payables and interest fluctuation risk present in borrowings and other means of fund raising, and are not used to conduct speculative transactions.

(2) Description of financial instruments and associated risk and risk management system

Notes and accounts receivable, which represent trade receivables, are exposed to client-based credit risk. In regard to this risk, the Group, in compliance with the credit management provisions under each Group company, keeps track of the due dates and balances associated with each business partner and promptly identifies and reduces collection-based concerns arising from deterioration in financial conditions and other factors. Marketable securities and investment securities are primarily bonds held to maturity and the shares of companies with which the Company maintains a business relationship, and are therefore subject to the risk of market price fluctuations. With regard to such risk, the Group regularly ascertains the market value of these shares, the financial conditions of these business partners, and other factors, and continually reviews its holding position while according consideration to the relationship with these business partners.

Notes and accounts payable, which represent trade payables, are almost entirely payable within the span of one year. A portion of these are foreign currency-denominated items related to payment for product imports, which are subject to exchange rate fluctuation risk. In order to counter such risk, forward exchange contracts are concluded for a portion of the payment amounts.

Among borrowings, short-term borrowings and commercial paper largely represent a form of fund raising associated with operational transactions, and long-term debt and corporate bonds largely represent fund raising associated with capital expenditure. Borrowings bearing variable interest rates are exposed to interest rate fluctuation risk. Out of these borrowings, for a portion of long-term debt, derivative transactions (interest swap transactions) are used as a means of hedging each individual contract in order to avoid risk associated with fluctuations in interest expenses and to work towards achieving fixed interest expenses. Valuation methods for hedge effectiveness have been omitted in line with the determination that conditions under exceptional accounting treatment for interest swaps have been met.

The execution and management of derivative transactions are conducted in accordance with internal provisions stipulating transaction authority. When utilizing derivatives, the Group engages only high-rated financial institutions in order to reduce credit risk.

Additionally, although trade payables and borrowings are exposed to liquidity risk, in addition to managing that risk through methods that include having each Group company prepare cash flow plans on a monthly basis, the Group has secured sufficient liquidity on hand by establishing commitment line agreements and overdraft agreements with its principal transacting banks.

2. Market value, etc. of financial instruments

Amounts posted on the consolidated balance sheet as of March 31, 2019, market values, and the corresponding differences between the two are as follows.

(Millions of yen)

Items	Amounts posted on the consolidated balance sheet (Note 1)	Price (Note 1)	Differences
(1) Cash and deposits	47,345	47,345	—
(2) Notes and accounts receivable	137,239	137,239	—
(3) Marketable securities and investment securities			
Bonds held to maturity	4,512	4,542	29
Available-for-sale securities	33,528	33,528	—
(4) Guarantee deposits	53,997	51,669	(2,327)

(6) Short-term borrowings (Note 2)	(11,446)	(11,446)	—
(7) Corporate bonds	(40,000)	(40,648)	648
(8) Long-term debt (Note 2)	(81,300)	(80,490)	(809)
(9) Derivative transactions	(1)	(1)	—

Note 1: Items posted as liabilities are enclosed in brackets.

Note 2: Long-term debt expected to repay within a year is not included in (6) Short-term borrowings but in (8) Long-term debt.

Note 3: Calculation methods for the market value of financial instruments and transactions involving securities and derivatives.

(1) Cash and deposits

Cash and deposits are settled within a short time frame and therefore have a market value nearly equivalent to their book value. Consequently, these are posted according to their book value.

(2) Notes and accounts receivable

Notes and accounts receivable are settled within a short time frame and therefore have a market value nearly equivalent to their book value. Consequently, these are posted according to their book value.

(3) Marketable securities and investment securities

Equities are based on their value on exchanges, bonds are based on their value on exchanges or quotes from counterparty financial institutions.

(4) Guarantee deposits

The market value of guarantee deposits is computed according to their present value calculated by taking into account future cash flow that factors in potential collectability and discounting it by the yield on government bonds relative to their residual period and other factors.

- (5) Notes and accounts payable
Because notes and accounts payable are settled in the short term, the fair value is almost equivalent to the book value, therefore notes and accounts payable are based on the book value.
- (6) Short-term borrowings
Short-term borrowings and commercial paper are settled within a short time frame and therefore have a market value nearly equivalent to their book value. Consequently, these are posted according to their book value.
- (7) Corporate bonds
The value of the corporate bonds is calculated according to the market value.
- (8) Long-term debt
The market value of long-term debt is calculated by taking into account the total amount of principal and interest and discounting it by the assumed rate of interest when executing new borrowings. Long-term debt under a variable interest rate are subject to exceptional accounting treatment for interest swaps, in which the total amount of principal and interest, which is treated as one with the interest swap in question, is discounted by a logically estimated rate of interest that would be applied in the event similar borrowings are conducted. This yields the market value of such long-term debt.
- (9) Derivative transactions
Calculated based on prices, etc., designated by financial institutions, etc., that serve as counterparties. Derivative transactions conducted through exceptional accounting treatment of interest swaps are treated as being one with the long-term debt under the relevant hedge. As such, the market value of such transactions is presented as being included in the market value for the long-term debt concerned. (Please refer to (8) above.)

Note 4: Non-listed shares and shares in subsidiaries and affiliates, etc. (posted as 85,213 million yen on the consolidated balance sheet) have no market price, their future cash flow cannot be estimated, and it is recognized that ascertaining their market value is extremely difficult. Accordingly, these items are not included in “Available-for-sale securities” under (3) Marketable securities and investment securities above.

[Notes to lease properties and other real estate]

1. Status of rental properties and other real estate

Some of the Company’s subsidiaries are in possession of office buildings for rental purposes, rented commercial facilities, as well as rental housing, in the city of Tokyo and other regions.

2. Market value, etc. of lease properties and other real estate

(Millions of yen)

	Amounts posted on the consolidated balance sheet	Market value as of the end of the consolidated fiscal year under review
Rental properties and other real estate	142,843	177,605

Notes: 1. Amounts posted on the consolidated balance sheet represent amounts obtained after accumulated depreciation and amortization and accumulated impairment losses have been subtracted from the cost of acquisition.

2: Market values as of the end of the consolidated fiscal year under review primarily represent amounts calculated by the Company in accordance with the Real Estate Appraisal Standards of Japan (including amounts that were adjusted using indices, etc.) and others.

Pursuant to Article 444, Section 4 of the Corporation Law, we have audited the accompanying consolidated financial statements, which comprise the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the notes to the consolidated financial statements of Isetan Mitsukoshi Holdings Ltd. (the "Company") applicable to the fiscal year from April 1, 2018 through March 31, 2019.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the presentation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Isetan Mitsukoshi Holdings Group, which consisted of the Company and consolidated subsidiaries, applicable to the fiscal year ended March 31, 2019 in conformity with accounting principles generally accepted in Japan.

Conflicts of Interest

We have no interest in the Company which should be disclosed in compliance with the Certified Public Accountants Act.
